

Bonus Wireline Services Ltd

If you are in the oil exploration business you'll need wireline logging. Bonus Wireline Services uses modern technology to provide the diagnostic information you'll need at all phases of a well's life.

Convenience

Our portable combination unit comes with a trained operator.

Durability

Bonus Wireline's robust detectors can perform in environments that subject them to shock, vibration and elevated temperature.

Safety

Bonus Wireline will conduct safe and successful perforating operations.

Flexibility

Our wireline service is available 24 X 7.
